Costa Rica Price List

IMPORTING AGENTS FOR Mr. Carlos Chavarria A., San Pedro De Montes De Oca, Costa Rica. Exclusive representatives in the United States.

The prices on the plants listed are wholesale. No further discount will be given. All prices are F.O.B. Costa Rica. On plants that are in stock shipment can be made by exporter immediately on receipt of order from us or if plants are not in stock shipment will be made in 15 to 25 days.

All plants are guaranteed to be first class blooming size and in good condition. Any plant that arrives dead will be replaced, providing that you allow us to ship by Air Express.

We suggest that you allow us to import plants through Miami instead of Brownsville as we believe that the Air Express Service is much faster to Miami. Plants that we have imported by Air Express through Miami from Costa Rica we have received in 3 days from the time of exportation. You can readily see from this that the plants when imported by Air Express arrive in good condition and there isn't hardly any danger of a plant arriving dead.

By ordering plants through us you do not need an import permit and you are free of all details with United States Customs. We do not charge for our importing services. As soon as we receive your order and payment we send it to our exporter in Costa Rica with instructions. All plants after they have reached the port of entry and have been cleared will be forwarded by our agents direct to you via Air Express Collect, C.O.D. for the transportation and customs charges.

Our responsibility to the customer is to see that he receives the plants that he orders. We will not in any way be responsible for an order that the customer gives direct to the exporter.

All orders must be over \$10.00. We recommend that you order \$25.00 worth of plants and over as this will be a greater saving on transportation charges per plant. On all orders there will be a 50¢ charge for baskets for each \$30.00 worth of plants. On orders over \$100.00 there will be an extra charge of \$2.50 for Consular Invoice.

Payment for plants, baskets and Consular Invoice if your order is over \$100.00 should be sent with order direct to us. No plants will be shipped C.O.D.

Air Express from Costa Rica to Miami is approximately 50¢ per lb. under 100 lbs. and 36¢ per lb. over 100 lbs. Plants will weigh from about 6 oz. to 1 lb. each depending on the specie. You pay for the plants in advance and when you receive them you pay the transportation and customs charge.

In the event that certain species may be unobtainable due to causes beyond our control please state whether you wish plants of equal value to be substituted or if you wish your money refunded on these species.

Any customer who wishes to cancel his order must allow us 15 days to contact our exporter. In the event that the shipment is already in transit at the time the exporter receives the cancellation the customer will be responsible for the plants and will have to accept them when they arrive. We will be unable to make a refund in this case.

Prices on the plants listed below are per plant except on *Cattleya Dowiana* and *Cattleya Skinneri* which are sold by the leaf.
